Our quality commitment

Independent. Objective. Credible.

Global assurance, certification and verification services

We deliver independent, objective and high-quality services that meet client, regulatory, market and stakeholder requirements.

Our third-party conclusions will be robust, reliable, trusted and transparent.

01 Integrity and independence

Act with integrity, objectivity, professional competence and sound judgment.

02 Compliance

Meet client, legal, regulatory, accreditation, professional, assurance and scheme requirements.

03 Measurable objectives

Set objectives that strengthen quality, consistency and credibility globally with all relevant stakeholders.

04 Resources and competence

Deliver effective methodologies, competent resources and technical expertise.

05 Awareness and training

Maintain competence through ongoing training to maintain and develop competence, professional judgement, and professional skepticism.

06 Performance and improvement

Monitor KPIs, report performance and use insight to drive improvement.

07 Governance and review

Maintain effective governance, quality management and engagement review processes to ensure our third-party conclusions are robust, reliable, and transparent.

08 Ethics and risk culture

Embed continual improvement, risk management and ethical conduct into our operations.

COMMUNICATE across the organization and to relevant interested parties
REVIEW periodically for continuing suitability, effectiveness and alignment with stakeholder needs and business strategy
