

The Future of EHS Network

A premier network for forward-looking EHS leaders committed to creating business value and a more sustainable world.

Purpose

The Network enables group discussion on emerging EHS topics, peer feedback and advice, exclusive benchmarking research, and access to ERM EHS expertise.

By bringing together a multi-sector cross-section of EHS leaders, the Network will help you:

- ▶ Gain insights on the latest EHS trends, innovations, risks, and opportunities
- ▶ Access and contribute to peer-to-peer sharing on subjects including harnessing technology and digital solutions, evolving EHS business needs, and meeting the challenges of a modern workforce
- ▶ Improve and leverage EHS efforts across your business to drive performance and build credibility.

Network Activities & Access

Inclusivity and accessibility are at the heart of the network. The Future of EHS Network members actively inform and shape the Network agenda.

The Network enables group discussion on emerging EHS topics through the following activities.

Virtual Roundtables

We host presentations and group discussions on trending topics and facilitate peer feedback and advice

Expert Support

ERM EHS experts work with you individually on the specific challenges you are addressing

Annual Benchmark

We work with members to define and develop an annual benchmark

Online Portal

Our members can access exclusive Network materials via our online portal

Program Content

Network topics will be chosen based on input from the member network, recent industry developments, and new research. Sample topics may include:

- ▶ Connecting health and safety and human capital.
- ▶ Translating EHS results into business results and communicating them internally.
- ▶ Harnessing technology and digital technologies to improve the business value of EHS, while improving efficiency.
- ▶ Applying lessons from operations during the pandemic that can be applied to the future.
- ▶ Evolving EHS training and development programs to meet the needs of a modern workforce.
- ▶ Creating synergy between sustainability and EHS programs and avoiding competing interests.
- ▶ Anticipating emerging issues including regulations, contaminants, and business trends.

Membership Benefits & Dues

The following benefits are accessible to network members and can be extended to additional colleagues for applicable topics:

- ▶ Monthly virtual roundtables
- ▶ Two one-hour private consultations with ERM experts
- ▶ Participation in and development of annual benchmark
- ▶ Unlimited access to resources via member portal

Membership costs \$7,500 per year per company.
